I will sing you up my country

I will sing you up my land

I will walk across this island, I will sing you

I will sing to you

You are old and you are drying

Murray River down and dying

I will sing you up my country, I will sing you

I will sing to you

Of a love that pulses in me

Of a love I can take with me

I will sing you up my country, I will sing you up

I'll sing you up

I'll sing you up

I'll sing
